 In Support of House Bill 490
 3-28-11

To the Chairman and the Judiciary Committee:

Is Abortion Compassionate, or Evil? "We hold these Truths to be self evident, that man was created with un-alienatable rights of; life, liberty, and the pursuit of happiness!" It is true that we have un-alienatable rights and they are evident; but when truth is distorted, then truth no-longer appears evident, which leads to a destructive end!

It has been known throughout all history, that from the time a fertilized egg is settled in a uterus, a baby is conceived and is a live person. For moral and God-fearing people: it has always been evil and illegal for people to choose to use, abortion, suicide, or genocide as a means to terminate life of any person, born or unborn. It is murder out of cold blood! Our Creator gave mankind His Perfect Whole Law to governs such things; and in this country we have the Declaration of Independence, The Constitution of the United States, and The Bill of Rights, which declares and professes these things to be true and evident!

Hitler's regime used abortion to destroy lives. His regime considered it compassionate and justifiable. They publicly targeted certain people including the unborn, to be considered not human. They targeting mainly Jews, but also Christians, and sympathetic people trying to rescue those targeted. These people were considered a threat to Hitler schemes. Are we not being lead to this same end?

Before I became a God-fearing person, I too had been persuaded to believe it was in my best interest to murder my own children, by the abortion method. I justified it, even though, before I had my first abortion I knew in my heart it was wrong to do such a thing. It was not until I became aware that it is evil and murder to purposefully abort babies, according to our Creator's verdict and Law; that I knew I had no justification for doing so! I know I am guilty! It will be only by His mercy that I may be forgiven on the day of judgment!

We can be persuade to believe lies, but abortion being assumed legal or an un-alienatable right-'Are Lies'! To do so, is not and has never been good nor right! Abortion never went through the appropriate process to be legalized by this government. Abortion is evil and is still a crime of murdering un-born children in this entire nation!

I strongly support this Bill!
